

Services & Solutions for a GREENER MARITIME FUTURE

Lubricant Oil Testing

Following the integration of Maritec and Naias Laboratories in November 2024, we have combined our strengths to enhance our Lubricant Oil (LO) Testing capabilities. Building on Naias Laboratories' reputation in Europe and Maritec's global presence, we now offer a broader and more robust oil condition monitoring services & solutions. Our goal is to support customers in optimising machinery performance and extending lubricant life through reliable, data-driven insights. Services include: Lubricant Oil Testing, Cylinder Oil Drain Analysis (CODA), Grease Analysis, Sweep Test.

Why choose Maritec-Naias?

- A leader in the field with 70,000+ samples tested annually
- 48-hour turnaround – faster than the industry standard
- Real-time & reactive technical and customer support
- Customised reports with clear, easy to read insights into machinery condition
- Independent testing lab for unbiased insights as compared to lube supplier testing
- Ease of logistics through complimentary dispatch for both fuel and LO samples together
- Superior CODA testing with Fuel System Check (FSC) provides exceptional condition assessment & safety

Always testing what matters
