

Services & Solutions for a GREENER MARITIME FUTURE

Marine Fuel Testing Programme (MFTP)

Our Marine Fuel Testing Programme (MFTP) helps shipowners and operators fuel with confidence worldwide. ISO 8217-compliant and covering conventional fuels, biofuels, methanol and more, MFTP detects and mitigates fuel-related risks before they impact your operations.

With ISO/IEC 17025-accredited labs in Singapore, Greece, and China, we provide fast, trusted results. From SOLAS to MARPOL, MFTP keeps your fleet compliant, efficient—and one step ahead.

Why choose Maritec-Naias?

- 35+ years of experience in global marine fuel testing
- 60,000+ samples tested yearly for 10,000+ vessels worldwide
- 24-48 hours turnaround time
- Labs in Singapore, Greece, and China for fast global coverage
- P&I Club recommended

Always testing what matters
