

Services & Solutions for a GREENER MARITIME FUTURE

Marine Environmental Compliance

With over 5,500 marine surveys annually, our Environmental Compliance division helps shipowners stay ahead of evolving regulations.

From ballast and bilge to scrubber water and IHM, we provide end-to-end testing, sampling and reporting to simplify compliance with international standards—VGP, IHM and more.

Trusted by global fleets, we turn regulatory pressure into operational confidence.

Why choose Maritec-Naias?

- Class society-approved sampling and testing systems for compliance certification
- Services available at 100+ key global shipping ports
- 24/7 global operations for reliable, around-the-clock support
- Labs strategically located in Singapore, Greece and China
- In-house labs for hazardous materials testing
- IHM services delivered on 5,000+ existing vessels and 700+ newbuilds
- 1,000+ vessels under active IHM Maintenance programmes
- Asbestos removal, consultancy and advisory for 500+ vessels

Always testing what matters
